

790 RIVERSIDE DRIVE OWNERS, INC.

To: Shareholders
From: Riviera Board
Subject: March 2009 Special newsletter

Filming Update

Filming in the lobby will be next Wednesday through Friday, March 11-13. We will work closely with the film crew to minimize the inconvenience to residents.

There will be explosions in one of the apartments during the filming. These will be from some special effects for the film, and will pose no danger to anyone.

Laundry Room will be closed next Wednesday & Thursday morning

Because of the filming in the lobby, the laundry room will be closed next Wednesday & Thursday morning. It will open around 2:00 p.m. on those days.

Please Remove Belongings outside the lobby level storage lockers!

We really have to clear out the suitcases, bicycles, and other belongings that have been left outside the lockers on the lobby level. No one has responded to our previous requests to remove these items. If they are not removed, we will have to discard them.

Scooter on the Sidewalk – Final Notice

If no one claims the scooter that is chained up outside the building, we will have it removed next week.

No Shareholders Meeting This Month

We have to cancel our monthly shareholders meeting, as the film crew is storing equipment in our usual meeting place. If you have any concerns or questions, please contact any Board member.
